Business Breakfast

Front-ends & Mobile Applications Simplified with Liferay

LIFERAY SILVER SERVICE PARTNER

How to speed up front-end development, be interactive and ready for high traffic on your portals.

Profinit, in cooperation with Liferay, is inviting you to a professional breakfast. We will show you the latest updates from Liferay DXP platform and portal projects done by Profinit in leading Czech banks. The event will cover topics such as Liferay's native support for mobile portals, performance tuning and Profinit's approach to a smooth integration of React JS and Liferay platform.

Portal development specialists and development team managers will mostly benefit from participating in this rather technical event. The majority of the presentations will be in English.

When: Tuesday, November 21st from 8:30
Where: Profinit, Tychonova 2, Prague 6

08:30 - 09:00	Registration, coffee & networking
09:00 - 09:05	Welcome, introduction
